

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

In spite of the damages and the troubles caused by the flooding here Sunday it is obvious that we came out in good shape compared to what so easily might have been. More rain Sunday evening or Monday morning or even just another inch or so Sunday morning and a great many more people would have been in serious trouble.

It is always hard to even think about a flood in dry West Texas — especially is this so following on the heels of a severe drought — but I doubt if there is an area in West Texas that will not be flooded to some extent with a hard four or five inch rain. And because it happens so seldom it is almost impossible to do anything about preventing it.

The flooding here Sunday pointed out again how hard it is for people of West Texas to relate to most of the rest of the country. When you see so many friends and neighbors come to the aid of those in trouble it makes it hard to understand how people in other parts of the world and especially in other parts of this country can just stand by while their neighbor is in trouble.

The biggest problem facing us now as part of the after-effects of the flooding is that of controlling the mosquitoes. With water standing all over town it will be next to impossible to eliminate the breeding places.

I understand that Clarence Fisher has volunteered his services to spray as much of the area as possible. It is not known at the time this was written on Monday just what would be the expense or the problems involved but this would appear to be about the only answer.

Hopefully the details of this project will have already been worked out and the spraying started by the time this is read.

Local fans can start getting ready as football season is just about here. The Pipers started two-a-day workouts Monday and the first scrimmage is set here Friday, Aug. 27, with Seymour.

Many local fans viewed the Miami game last Friday with extra interest as Jesse Powell, a Spur boy who coached here in Junior High last spring, played linebacker during the entire game.

Profootball being the rough and tumble game that it is I was afraid that Jesse might be just a little small to make it at linebacker but he looked pretty good against the 49'ers the other night. Since he did play the whole game I hope that is a good sign that he has secured himself a spot on the team.

Not only did he play linebacker but he was also on the kickoff and punt coverage teams.

It is amazing just how many ways the Legislature can come up with to separate us taxpayers from our money. Beginning Sept. 1 if you get a ticket you will not only have to pay a fine but will also be taxed an extra \$2.50.

And if you are an employer who has workman's compensation insurance on your employees you have probably already found out that you are now being taxed an extra \$7.509 to finance the Texas Industrial Board — whatever that is.

Don't know just how strongly it will be enforced but also beginning Sept. 1 you can be fined up to \$200 for leaving your keys in your car (Plus the \$2.50).

(Photo by Tim Jones)

CLEANUP UNDERWAY — Friends joined Ned Moore, right, in the major cleanup operation as the water began to recede after Sunday's flood. The inside of the Moore home at 920 S. W. Third was covered with an inch of water. The doors were sand bagged and caulked. The water level at the garage door got to 8 1/4 inches, Moore said. Mrs. Moore, who was out of town at the time, returned home Tuesday. All of the carpet was taken up Tuesday to dry.

Flood Control, Mosquitoes Are Major Topics At Council Meeting Monday

Flood control and mosquitoes were of major concern during discussions at the City Council meeting here Monday evening. The council voted to seek the help of the Texas Highway Department in widening of two bridges that they felt contributed heavily in causing the major flooding here Sunday. They also voted to work out some arrangement with Hamlin Flying Service to spray the California Creek and other low lying areas of the city to stop the breeding of mosquitoes. It was expected to cost the city about a dollar an acre to spray from the air the chemical that kills the young lava.

It was pointed out at the meeting that the spraying would need to be done after the creek stops running to be effective. It was hoped that the spraying could be done before this weekend barring more rain.

In other action, the council voted to authorize the Housing Authority of the City of Hamlin to look into the possibility of a low-rent housing project for the elderly and voted to seek bids on seal coating 20 blocks of city streets.

During the discussion on the flood control problems facing the city to avoid a future flood like the one here Sunday it was felt by the council that the bridges over the California

Creek on the Anson Highway and the McCaulley Highway were not wide enough to handle the water fast enough.

Of major concern to the council was the danger the flood created for the city water supply. Water Superintendent E. E. West told the council that it took several hours of sand bagging and pumping to keep

the water out of the city's water system.

A representative of the council will meet with Highway Department officials in an effort to get these bridges widened so that the water can get out of the city faster. Mayor Hollis Madden told the council that the Highway Department had already agreed to do work on the Aspermont Highway just north of the Texas Central Railroad tracks. This area also received heavy flooding here Sunday.

Hamlin Exes Make Plans for Homecoming

Officers of the Hamlin Ex-student Association met Monday evening in the office of Jack Willingham, president.

Plans for Homecoming to be held Oct. 9 were discussed. Tentative plans were made for the chili supper and bonfire to be held Oct. 8, a noon meal to be catered followed by the business session, the parade to be at 4 p.m. the football game with Jacksboro at 7:30 and an after-game coffee Oct. 9. Committees will be appointed for the various activities.

The officers request that all persons with changes of address to write to the Ex-student Association, Box 323, Hamlin, Texas 79520.

A newsletter detailing all the activities will be mailed early in September.

Registration Now Open for 18-20 Year Old Voters

Voter registration has, in effect, been opened for newly-enfranchised 18-20-year olds to permit them to sign up at any time prior to Mar. 1, 1972.

County registrars have been instructed to accept applications from 17, 18, 19 and 20-year olds, with registration certificates to be effective for any election held 30 days or more afterward. Young voters who failed to register during the registration period which ended Feb. 28 may now present their applications to the tax assessor-collector.

They must sign up again Oct. 1 or thereafter to remain eligible to vote in elections beyond Mar. 1, 1972.

Water In Several Houses

The worst flood in about 40 years hit Hamlin Sunday afternoon as large areas of the city were under water for several hours following a heavy rain Sunday morning. The official gauge showed 3.44 inches of rain here with reports running over 4 inches to the west of the city.

Several houses were flooded and many more threatened as the California Creek went out of its banks and flooded everything in its path across the southwestern part of the city. The northern part of the city also came in for its share of flooding as water poured down the northern side of the Texas Central Railroad tracks and covered a large part of the area along the Aspermont Highway.

No major damage or injuries were reported during the flood but a near drowning was reported in the north part of the city. A youth, Calvin Stewart was pulled from the rushing water entering a culvert by Herbert Johnston.

The worst flooding occurred along the Anson Highway with three homes having as much as two to three feet of water in them for several hours Sunday afternoon. The homes flooded belonged to W. H. Wolf, Agnes Hall and Grant Long. At its peak about 3 p.m. the waters of the creek were licking the highway.

The only other home reported flooded was in the western edge of the city and was the home of Ned Moore, located at 920 S. W. 3rd, which had about two inches of water in it even though it was sandbagged and caulked. The water was in the home from about 1:15 p.m. to 4 p.m. Moore said the water was about a foot

deep outside the house but most of it was kept out with the sandbags.

Several other homes in the Southwest section were endangered for awhile by the rising waters but none reported any water inside. The high water had climbed about 150 yards out of the creek bank before receding.

City employees and volunteers worked for several hours keeping the flooding water out of the city's water system using sandbags and pumps.

During the height of the flood,

BCD Committee Votes to Rebuild Yule Decorations

The Retail Trade Committee of the Hamlin Board of Community Development made plans for two projects at their meeting here last Thursday, according to Charles Reed, chairman.

One of the projects is to rebuild the Christmas decorations and the other is Sidewalk Sale and Flea Market to be held the first of October.

About \$500 to \$600 will be needed to re-build the Christmas decorations which will include all new tinsel on the existing frames. Named to a committee to solicit the needed funds were Cliff Reynolds, Ellis West and Wayne West.

Joe Cortez was named chairman of the committee to make plans for the Sidewalk Sale and Flea Market with Roger Bell and Frank Shearer working with him.

ball park street running by the city park was closed with the water running about four blocks wide through the area. The city park, swimming pool, football field and baseball field were all under water most of the afternoon.

Houses threatened by the high waters on the northern edge of the city belonged to Bryant Conner, Alley Deel and W. H. Dean, but no water was reported inside the houses. Barns and cellars there were flooded.

The water began rising in California Creek about dawn Sunday and by mid-afternoon was running out its banks all across the southern edge of Hamlin. The water peaked at about 3 p.m. in the western part of town and stayed at its highest point for about an hour.

The water spread out over much of the southern edge of the city when it hit the two highway bridges crossing the creek. The flood water was choked down first when it was funneled through the bridge on the McCaulley highway and again when it went under the Anson Highway.

A check with long time Hamlin residents indicated that this was the worst flood to hit the city since the early thirties.

The water soaked ground after five consecutive days of rainfall contributed to the heavy run-off. Sunday's 3.44 brought the total for August to 6.17. Official rainfall recorded during August includes measurable rainfall on eight of the first fifteen days as follows: Aug. 1, .95; Aug. 7, .01; Aug. 8, .10; Aug. 11, .03; Aug. 12, 1.03; Aug. 13, .14; Aug. 14, .47 and Aug. 15, 3.44.

Registration Starts Today—

Classes to Start Here Monday Morning

With classes getting underway here Monday at 8:30 in all of the Hamlin Schools, high school and junior high school students will register for classes Thursday (today) and Friday.

Buses will run their regular routes Monday and both the primary and high school cafeterias will open.

Registration schedules for high school calls for seniors to register between 9 and 10:30 today (Thursday) and juniors between 1 and 2:30 p.m. Friday all sophomores are to register between 9 and 10:30 and freshmen between 1 and 2:30.

Junior high students will follow the following schedule for

registration: eighth grade today (Thursday) between 10 and 12 a.m., seventh grade between 1 and 3 p.m.; sixth grade on Friday between 10 and 12 a.m.

All other students will register Monday morning.

For the second year the Hamlin Schools will offer Kindergarten on a limited basis set under the guidelines of the Texas Education Agency.

To be admitted to kindergarten a child must meet the following requirements:

The child must be at least five years, two months old on Sept. 1, 1971.

The child must come from a family with an income of \$3,000

or less per year.

And the child must have some difficulty in understanding the English language.

If a child qualifies under the above requirements the parents or guardian are urged to contact the office of the Superintendent of Schools.

The children in the kindergarten program will have a school day as long as the first grade and the classes will continue through the school year.

Lunchroom prices will remain the same as last year with primary and elementary students paying 40 cents and junior high and high school students paying 50 cents.

Schedules Set—

Football Workouts Open For Pied Pipers Monday

Football workouts started here Monday morning for the Hamlin High School Pied Pipers. Coach Deane Wright said Tuesday that 43 boys were taking part in the two-a-day practice sessions.

Coach Wright also announced the schedule for the junior varsity team and the junior high teams this week. He said that he did not have enough boys out to play a freshman schedule this year.

Junior High workouts will begin Monday with the opening of school.

The Pipers will hold two scrimmages before opening their season play here with Winters Friday, Sept. 10. They

will scrimmage Seymour here Friday, Aug. 27 and at Aspermont Friday Sept. 3.

Current plans call for the annual Pied Piper Booster Club Ice Cream Supper to be held before the Seymour scrimmage, according to James Rodgers, president.

The Piper Varsity schedule is as follows:

Sept. 10 — Winters	here
Sept. 17 — Clyde	there
Sept. 24 — Childress	here
Oct. 1 — Coahoma	there
Oct. 9 — Jacksboro	here
Homecoming	
Oct. 15 — Haskell	here
Oct. 22 — Rotan	there
Oct. 29 — Anson	there

Nov. 5 — Stamford	here
Nov. 13 — Merkel	there

The Junior Varsity schedule is as follows:

Sept. 9 — Haskell	here
Sept. 16 — Rotan	there
Sept. 23 — Anson	there
Sept. 30 — Stamford	here
Oct. 7 — Merkel	there
Oct. 14 — Haskell	there
Oct. 21 — Rotan	here
Oct. 28 — Anson	here
Nov. 4 — Stamford	there
Nov. 11 — Merkel	here

The Junior High schedule is as follows:

Sept. 14 — Merkel	there
Sept. 21 — Spur	there
Sept. 28 — Sweetwater, 8(B)	here
Oct. 5 — Anson, 7-8	there
Oct. 19 — Albany, 8	here
Oct. 26 — Stamford, 7-8	here
Nov. 2 — Rotan, 7-8	there
Nov. 9 — Sweetwater, 7-8	there

GETTING READY FOR SCHOOL — Laurie and Julie Willingham, daughters of Mr. and Mrs. Jack Willingham, are shown after purchasing school supplies in preparation for school opening Monday. Laurie, left, 8½, will be in the fourth grade and Julie, 10½, will be in the fifth grade. They will attend classes in the elementary building.

DOUBLE BUCCANEER STAMPS ON WEDNESDAY WITH \$2.50 PURCHASE

HOMEMAKING TEACHERS CONVEENE — Homemaking teachers meeting on the campus of Texas Tech University are, from left, standing, Marilyn Reid of Goree, Hellen Hathaway of Cisco, Helen Short of DeLeon, Imogene Spring of Seymour and Edith S. Carter of Hamlin. Homemaking education personnel assisting with the Home Economics Cooperative Education Workshop are, seated, Norma Parton of Waco, left, Area 8 consultant, Texas Education Agency, and Miss Joe Marie Phillips of Austin, chief consultant, Texas Education Agency.

Home Ec Department To Offer On-Job Training

Approximately 90 Homemaking teachers and staff members attended the Home Economics Cooperative Education Workshop last week at Texas Tech University Campus in Lubbock. The teachers of beginning Home Economics Cooperative Education programs and staff members from all parts of Texas participated. It was the largest group ever to attend this type workshop since the passage of the Vocational Education Act of 1963, which focused attention upon the need for more occupational education programs at the high school level.

One class in Home Economics Cooperative Education is scheduled for this school year at Hamlin High School. These classes afford students of Junior and Senior standing both on-the-job and class room education in a variety of occupations. Practical work experience is provided the

student through the part-time employment at some cooperating business in Hamlin.

The course is set up for one or two years and carries two credits each year. Students receive pay comparable to that paid beginning workers in the same occupations.

Typical occupations in the program are child care aide, companion to elderly, clothing assistant, fabric coordinator, floral designer, food service employee, and housekeeping management assistant.

The program in Hamlin will operate under the direction of Edith S. Carter, teacher-coordinator. Mrs. Carter will be responsible for the selection and placement of students and will correlate their classroom and practical education. An advisory committee of local people will be set up by the school to assist Mrs. Carter in organizing and operating the new program.

The addition of this type

program will do much to provide the youth of Hamlin with a well-rounded educational program that will fulfill the need for practical and useful training. Mrs. Carter said, "It is hoped it will enable a portion of our students who desire to become occupationally competent to enter full-time employment upon graduating from high school."

C. W. Johnson Family Reunion Held Here Sunday

The C. W. Johnson annual family reunion was held Sunday. The family met in the home of Mr. and Mrs. C. W. Johnson and later went to the Jaycee Community Building for lunch and fellowship.

Attending were Mr. and Mrs. Johnson, C. W. Johnson Jr., all of Hamlin; Stanley, Colyne, Janice, Patsy, Harold, Shirley, Danny and David Johnson, all of Duncanville; Linda, Linnie, Becky and Billy Johnson, all of Fort Worth; Sarah, Paul, Debbie, Paula and Charles Carlan, all of Stamford; Nellie, Robert, Teresa, Dale and Lynette Rhoton all of Hereford and Don, Barbara, Terry Don and Jimmy Johnson, all of Big Spring.

Unable to be present were the Tommy Johnson family of Fort Worth and Barbara Clarke and family of Odessa.

Kay Hodnett, Jackie Buske Exchange Vows Saturday

Kay Ann Hodnett and Jackie Lee Buske were married Saturday at the Hamlin Church of Christ.

The bride is the daughter of Mr. and Mrs. Wayne Hodnett of Hamlin. The bridegroom is the son of Mr. and Mrs. Jack Buske of Stamford.

W. H. (Gene) Johnston of Hamlin officiated. Music was furnished by Kenneth Castello of Abilene, and soloist was Mrs. Kenneth Castello.

Matron of honor was Mrs. Carlton W. Adams Jr. of Abilene. Bridesmaids were Linda Ables of Abilene and Mrs. Ed Wilson of Midland.

Flower girls were Robbie Ritchey of Big Spring and Vickie Hodnett of Mesquite, both cousins of the bride.

Candlelighters were Mike Ritchey and Philip Ritchey, both of Big Spring, cousins of the bride.

Best man was Doug Sharer. Groomsmen were Larry McCoy and Gary Hester.

Bill Hodnett, brother of the bride, and Larry Buske, cousin of the bridegroom seated guests.

Given in marriage by her father, the bride wore a gown of organza with hand-clipped Chantilly lace tracing high neckline, bishop sleeves and empire bodice. The semi-A-line skirt was accented with repeat of lace. Her chapel train bordered in matching lace fell from the hairline giving mantilla effect.

Her attendants wore empire floor length gowns of hot pink crepe with white garden hats trimmed in matching hot pink ribbons. They carried long stemmed white roses.

Jaycee-ettes Provide Trophy For Area Mating

The Hamlin Jaycee-ettes provided the Travel Trophy for the area Texas Jaycee convention held in Sweetwater over the weekend although the Hamlin members were unable to attend because of heavy rains.

The local Jaycee-ettes are planning an Orientation Salad Supper Sept. 2 with Carol Orr, Area 1-C vice president, as the guest speaker.

The next regular meeting will be tonight (Thursday). Members are being asked to bring their salad recipes to the meeting at 8 p.m. in the home of Mrs. Charles Brumley.

Piano Recital

Cindy Grigg and Ronald Pursley, piano students of Patricia Gaasch, performed Friday night at a recital in the home of Mr. and Mrs. Fred H. Turner of Sylvester.

Cindy is the daughter of Rev. and Mrs. Buster Grigg and Ronald is a son of Mr. and Mrs. Homer Pursley.

Bridge Winners

Mrs. Holly Toler and Mrs. G. W. Comeys were first place winners Tuesday evening at the regular meeting of Hamlin Duplicate Bridge Club at the Jaycee Community Building.

A tie for second was with Mr. and Mrs. Henry Albritton and Mrs. Ray Sonnenburg and Mrs. Harry Yates of Stamford.

HAD VISITORS? That's news, call the HERALD.

MRS. JACKIE LEE BUSKE
... formerly Kay Ann Hodnett

After a trip to Colorado the couple will live on Route One Hamlin.

The bride is a 1966 graduate of Hamlin High School and attended Commercial College and McMurry College in Abilene. She was employed with Citizens National Bank in Abilene.

The bridegroom is also a 1966 graduate of Hamlin High School and attended Angelo State University, San Angelo. He is presently engaged in farming and ranching.

His parents hosted the rehearsal dinner at the Cliff House in Stamford.

Ferguson Jr.

A coffee given by Sharon Hawkins was held Aug. 7 in her parents' home. Guests tied rice bags. Special guests were Mrs. Elmer Hawkins, grandmother of the bride-elect; Mrs. J. B. Jayroe and Mrs. W. A. Hawkins, both aunts of the honoree.

A surprise paper shower and bride party was given Aug. 11 by Mrs. James E. Harrison.

Guests were served from a buffet table centered with white carnations and blue cornflowers.

A box of paper gifts was decorated in white and blue, the honoree's chosen colors.

Guests included Mmes. E. D. Perrin, Jerry Waggoner, John D. Ferguson Jr., W. T. Johnson, Robert Fowler, Joe Edwin Ford, Elmer John Hawkins, L. C. Bonds Billy Joe Wilson, and Misses Carolyn Reynolds and Margaret Ann Johnson.

The couple will be married Saturday evening in the home of the bride-elect's parents.

FRANK'S DEPT. STORE

THURSDAY, AUG. 26 9:00 a.m. to 5 p.m.

FROM THE FILES . . .

FORTY FIVE YEARS AGO
(August 17, 1951)

One of the first homes and best homes to be built in Hamlin went up in flames Tuesday afternoon about five forty as a complete loss to the building and a good part of the contents. It was the D. J. Payne residence on Hope Avenue.

Mr Payne had started an oil heater for his bath, then went into the back yard to cut weeds and grass and evidently the flames went wild and the result was that in a short while the entire house was burning.

The fire department responded quickly and attached the hose more than a block away, and when the high pressure pump started the hose bursted. This occasioned some delay and by the time the fire was extinguished the house was an entire loss.

Considerable household furnishings were saved, however in every case of this kind scores of articles are lost that cannot be replaced.

Mr. Payne had both his house and furniture fairly well insured.

TWENTY YEARS AGO
(August 31, 1951)

One hour periods for class work at Hamlin High School will be started when the educational institution gets down to business early next week, reports Principal B. V. Newberry. Classes will begin at 9:00 a.m. and dismiss at 12:00 noon. With only 45 minutes allowed for lunch, classes will resume at 12:45 and will be dismissed at 3:45 p.m.

Registration was almost completed Wednesday, the principal reports. Classes were scheduled, books issued and lockers assigned in pre-school registration. Other registrants will be accepted Monday morning. Actual class work will be started Tuesday morning, Newberry says.

New equipment was this week being installed in the expanded vocational agriculture department at Hamlin High School, according to Claude Blankenship and Harold Eades, instructors. Included in the new equipment are power tools embracing grinders, saws, lathes, jointers and jig-saws, as well as acetylene and electric arc welding paraphernalia.

With the expanded department a fourth year course in wood and metal working will be offered to Hamlin High School students to add another affiliated credit to the curriculum.

New dressing rooms, a new class room and tool room are provided in the adjoining section formerly used as bus storage.

Coaches Jess Burditt and Vernon Townsend of the Hamlin Pied Pipers eleven reported Wednesday that 31 boys had shown up for the work-outs

for football this year. Coach Bob Nunley of the Junior High School reported 25 had been reporting.

High School boys were working out two times daily — morning and evening and the Junior High boys every evening.

The coaching staff reported, "The boys are looking good according to form and no injuries as of yet."

Both teams promise to give the city of Hamlin a good season and weight on the varsity and juniors is about average.

Scrimmages will be held for the Pipers Saturday at Abilene against a team from Winters and against Aspermont Tuesday afternoon at 2:30 p.m.

TEN YEARS AGO
(August 17, 1961)

James E. Rodgers, son of Mr. and Mrs. Edd Rodgers, has recently been elected a member of the American Institute of Certified Public Accountants, and will open his office here this week at 136 S. Central.

Rodgers was a 1947 graduate of Hamlin High School and attended Texas Tech. He also spent some time in the United States Air Force. He was formerly a partner in the firm of Jackson and Rodgers at Lubbock.

According to the Booster Club, an ice cream supper will be held Tuesday night, August 22, to honor the Football boys and members of the band and pep squad. Special guests will be the wives of the Booster Club. The occasion will be staged immediately following the football scrimmage with Colorado City at the Football Stadium. All members of the Bosoter Club and their wives are urged to attend to help boost the morale of the boys.

The Hamlin Schools will open at 8:30 a.m. on Monday, August 28, according to C. F. Cook, superintendent.

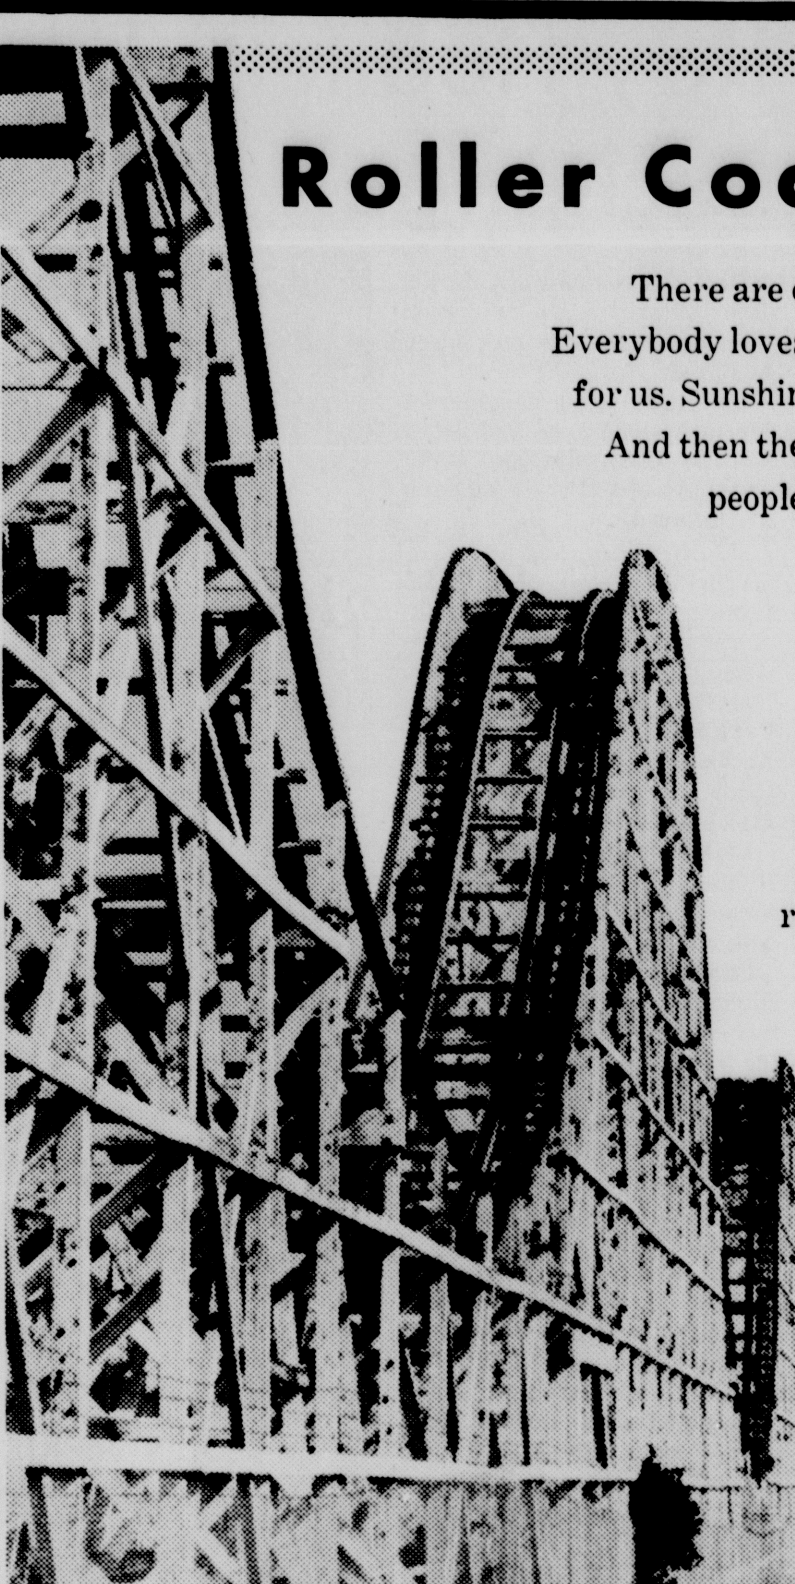

Everything is ready for the 16th annual Fisher County Fair and Rodeo scheduled for August 24, 25 26 in Roby.

A gigantic parade will open the three day event at 6:00 p.m. Thursday, August 24. Livestock Show will be held Friday and Registered Quarter Horse Show is Saturday. Exhibits will be on display all three days. Heavy entries are indicated in all departments.

Entries in the Rodeo, coming in rapidly assure another successful production of this fast moving event. Entry deadline is Wednesday, August 23, 6:00 p.m.

Revival services will begin here Sunday at the Foursquare Church with the Rev. Mrs. Katherine Byrd of Rochester as the evangelist. Services will be held nightly through the following Sunday, August 27.

There will be a special music each evening and everyone is extended a cordial welcome. Rev. Spencer Liles is pastor.

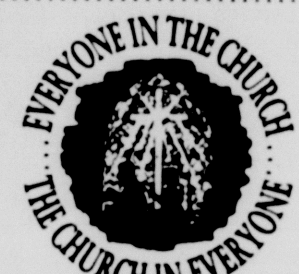

Roller Coaster Spirit

There are days when we feel on top of the world.
Everybody loves us and shows it. Nice things are done
for us. Sunshine and happiness drenches everything.
And then there are other days — when we're blue;
people are busy. We're alone. We're afraid.
It might as well be raining. Nobody
knows the trouble we're in.
Needed is a little self-discipline, not a
lot of self-pity. We must learn to
face the fact that life is not always a
flowery bed of ease, and pleasure.
Children dodge hard places,
responsibility, and painful experiences.
A mature person stands on his own
two feet under God.
Time, insight, and the grace
of God can remove moun-
tains — and take away that
roller coaster spirit.
Begin the road to spiritual
maturity by attending
church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

Neinda Philosopher Can't Get Mind
Off One Aspect of Voyage to Moon

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has some trouble with the high cost of space science this week, his letter indicates.

Dear editor:

I've tried everything from reading month-old newspapers to watching re-runs on television to figuring out how we can have two Chinas in the United Nations, which shouldn't be too hard in view of the fact we've got two Dakotas and two Virginias in the United States, not to mention one Texas, but still I can't get my mind off that moon buggy. I mean, its price. Eight million dollars.

As I understand it, the buggy was powered by four quarter-horse electric motors about the size of the one in your washing machine, one on each wheel, had special wire tires, seat belts, a bunch of batteries, no top, and a high-powered television camera. It didn't have a steering wheel, just a stick that controlled the four quarter-horse motors.

While my knowledge of auto manufacturing is about as close to zero as you can get, although I know the companies do have one engineer whose main job is to design a hood release latch so it'll never be in the same place one model to the next, I have decided that the hardest thing about building an 8-million-dollar moon car is making it cost 8 million dollars.

Fifty thousand dollars. . . Maybe, considering inflation and all, a hundred thousand dollars, but 8 million dollars? Four electric motors, wire wheels, no top and a television camera?

How many sleepless nights did the designers and engineers have to spend to get that much money into one small car? They're bound to have had the help of four Congressional Committees and eighteen State Legislatures, with possibly a dozen or so big city mayors thrown in and no doubt a few of the engineers who design highway cloverleaf interchanges, working I guess on double-time, triple-time, quadruple time. . . I could go on but I don't know what the word for the next multiple is.

Anyway, making the car cost 8 million dollars is nearabout as great a scientific feat as hauling it to the moon. That price of course was F. O. B. the launch pad. When you figure in the transportation charges thereafter. . . hold on to your hat and hang on.

Yours faithfully,
J. A.

OTTON ANDIDS!

Historical Briefs About The "King" Of Fibers

The name "muslin" comes from Mosul — once a great cotton manufacturing city in the Middle East.

In 1793, Eli Whitney reinvented the cotton gin — which had been successfully used in India some 2,000 years before!

MOVING OUT — All household belongings that could not be put above the water level in Sunday's flood were moved out of the W. H. Woolf home, 952 South Central.

INSIDE THE WOOLF HOME — Water reached a level of two feet inside the home of Mr. and Mrs. W. H. Woolf, 952 South Central Sunday afternoon. The family placed as much as possible above the water level and moved out other belongings.

SUNDAY AFTERNOON VISIT — Weekend visitors were literally moved outdoors here Sunday afternoon when water rose some two feet inside the home of Mr. and Mrs. W. H. Woolf, 952 South Central. From left are Mr. and Mrs. M. F. Woolf of Odessa, Mrs. W. H. Woolf, Debra Woolf and Lewis Woolf. M. H. and Lewis are sons of the W. H. Wools and Debra is the daughter of Lewis Woolf. The family's belongings had to be moved from the home.

Wheat Program Announced by USDA

Participants in the 1972 wheat set-aside program may substitute barley, corn, grain sorghum, or soybeans for wheat and still earn program benefits and protect their wheat allotment history, according to State farm program official, Clarence A. Danklefs.

Also, there is no limit on wheat acreage. Danklefs pointed out that producers may grow their full allotment, or more than their allotment, and remain within the program. He explained that "set-aside" does not mean diverting land from production of a specific crop. It means setting aside an acreage from a farm's total potential crop production.

Set-aside acreage for the 1972 wheat program will be equal to 83 percent of a farm's domestic wheat allotment, the maximum allowable under the law. This maximum set-aside was established because of the possibility of large grain supplies from this year's harvest. In 1971 wheat set-aside acreage was 75 percent.

Details of the program were announced recently by Secretary of Agriculture Clifford M. Hardin.

Inclusion of barley and soybeans substitute crops for history protection and the higher set-aside percentage are the most notable changes in the 1972 wheat program, according to C. A. Danklefs, who is chairman of the Texas Agricultural Stabilization and Conservation (ASC) Committee which administers farm programs in the State.

"These changes reflect the present possibility of a large wheat harvest in 1971, the need for increased soybean acreage, and the necessity of assuring income protection for the farmer while also maintaining his greater decision making freedom provided by the Agricultural Act of 1970," Danklefs said.

The substitution provision will enable a producer to plant all or any combination of his acreage to wheat, feed grain (corn, barley, grain sorghum) or soybeans without loss of planting history or program benefits.

"The announcement that barley will be included in the feed grain program for 1972, and may be substituted for wheat or vice-versa, was made

because in some areas fall-planted barley is an alternate crop for wheat," Danklefs said.

He noted that soybeans will be allowed as a substitute crop for history protection in the feed grain program as well as the wheat program. Full details of the feed grain program will be announced as soon as possible, Danklefs said.

Several provisions of the 1971 wheat program are unchanged for 1972. The loan rate will remain at \$1.25 a bushel, national average—high enough to provide protection of farm income if the market unexpectedly falls, low enough not to be the determining factor in market prices for wheat, according to Danklefs.

The 19.7 million-acre domestic wheat allotment for the nation is unchanged from 1971. And farm-stored and warehouse-stored loans and purchases will continue to be available to producers participating in the voluntary wheat program.

Wheat producers in 1972 also will receive 100 percent of parity on production of their full domestic allotment the same as this year, through issuance of

(Photo by Tim Jones)

HOLDING THE WATER BACK — Sand bags placed at the front and back doors of the Gerald Young home, 905 S. W. Second, held the water back during Sunday afternoon's flood. The Young's daughter, DeDe, 12, is making sure that the water does not creep to the front door. Had the water risen just a fraction more, the water would have been in the house, the Youngs said. Water was in the garage up to the ledge leading into the house.

WATERY PLAYGROUND — The street north of the Joe E. Ford home on S. W. Ave. J. became a play area Sunday afternoon when water from California Creek flooded the area. The barn in the background belonging to the Fords was waist high with water at the peak of the flood.

BALLPARK STREET FLOODED — Looking down 'ballpark street' toward the south, this picture shows the flooded area from the intersection of Southwest Ave. E and Fifth Street that extended past California Creek toward Golf Course Road. The City Park, baseball park and swimming pool were under water Sunday afternoon.

wheat certificates. Face value of the certificates will be the difference between 100 percent of parity on July 1, 1972, and the national average wheat price received by farmers from July through November 1972. As was true this year, participants will receive preliminary payments as soon as possible after July 1 equal to 75 percent of the estimated face value of the wheat certificates, with the remainder to be paid after December 1, 1972.

Sign-up dates for wheat and other voluntary farm programs will be February 28 through April 7, 1972.

A leaflet summarizing the 1972 wheat program is expected to be received in ASCS County Offices about mid-August and will be distributed by the County Office to local wheat producers as soon as received.

It takes more muscles to frown than to smile.

Crude Oil Production In Texas Hits All-Time High

DALLAS — Production of Texas crude oil last year again hit an all-time high while additions to reserves continued to lag, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

The state's oil fields produced 1.2 billion barrels of crude bringing the total for the past 81 years of recorded production to 34.1 billion barrels.

"Economic benefits from the production were felt throughout Texas," says Kenneth E. Montague, Association president, "as 205 of the state's 254 counties had producing oil wells. It is unfortunate that more oil was produced than was found in Texas — pulling our

reserves down for the third straight year."

Jones County, which has had recorded production since 1926, had a total crude oil output of 166,238,800 barrels up to the beginning of 1971. Jones County production in 1970 was 2,624,954 barrels at the rate of 7,192 barrels daily.

Fifteen counties produced more than 25 million barrels with Andrews topping the list with 71,684,656 barrels followed by Ector with 68,562,247 and Scurry with 58,085,376.

Gregg remained the all-time champion with a cumulative production of 2.2 billion barrels. Ector is second with 1.7 billion barrels.

ASUTIN — Legislative Redistricting Board will meet here August 24 to begin consideration of state senatorial reapportionment.

Shortly after the Board announced its meeting date, Gov. Preston Smith issued a sharply worded statement calling on the Board to forget "political considerations" and start work on a House of Representative redistricting bill also.

Smith noted the fact that Atty. Gen. Crawford Martin's appealing a district court decision invalidating the 1971 legislative act which attempted to reapportion the House does not preclude the Board from preparing for any eventuality.

Supreme Court of Texas, Governor noted, may uphold or over-turn the district court's August 2 decision that the Legislature illegally divided more than 20 counties. In either case, he said, the Board should be prepared with a House as well as a Senate reapportionment plan to avoid the need for a "million dollar" special session of the Legislature.

Lt. Gov. Ben Barnes, a member of the Legislative Redistricting Board, expressed surprise at Smith's blast. He said the Board has made no decision not to consider House redistricting and, indeed, has not even discussed the issue.

Board has just 60 days to draw the reapportionment after its initial meeting which means its lifespan expires in late October.

State Supreme Court Chief Justice Robert W. Calvert said the Court will meet within 48 hours after receiving a request for an appeal hearing and can reach a decision in 10 days or less.

Attorney General Martin said a transcript of the lower court proceedings is being speeded to completion and can be placed before the Supreme Court within another week.

AG OPINIONS — Attorney General Martin held that a new law requiring certain county officials to report to the county money they receive from operating private business on public property is unconstitutional.

In other recent opinions, Martin concluded:

Use of the automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

Motor vehicle tax on rentals is due at the time of payment of rental charges. Legislature did not authorize credit or reimbursement for motor vehicle tax paid on original purchase price, when status of vehicle is changed from lease unit to rental unit.

Bill conferring additional jurisdiction on county court of Orange County is constitutional.

SOME AUTO INSURANCE COSTS CUT — State Insurance Board ordered a 50 percent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 percent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2 percent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

HIGHWAY FUND HEARING ASKED — Gov. Preson Smith seeks a formal hearing before the U.S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway

beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10 percent federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED — Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condoning the eleventh-hour appeal though he opposes busing, were hit by U.S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED — Travis County grand jury investigation of profits by state officials in National Bankers Life Insurance Company stock has been delayed until August 17.

Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorio, former NBL president, told newsmen he came up with the idea for two controversial bank deposit insurance bills in 1969, and there was no connection between the stock deals and passage of legislation.

SHORT SNORTS

Dr. James H. Perry of Baton Rouge, La., is new executive director of Southwest Educational Development Laboratory here.

Investigation is on of valuable historical documents stolen from State Archives and Austin area libraries.

Program to vaccinate all horses against Venezuelan equine encephalomyelitis in a six-state area will end August 15 with nearly 1.1 million vaccinated for VEE.

Moody Foundation of Galveston awarded almost \$1 million to 23 projects across state.

Revenue from cigarette smoking last month increased \$1.2 million over the 1970 figure for July — to \$17.6 million, reports the State Comptroller.

Personal income of Texans rose decisively in June, according to University of Texas Bureau of Business Research.

Texas Parks Department says restoration is under way on five Texas frontier forts — McKavett, Griffin, Lancaster, Richardson and Leaton.

Sammie Valliant Receives ACC Degree Friday

Sammie Jo Valliant, daughter of Mr. and Mrs. Harold E. Valliant, Route 1, received a bachelor of science degree in art education from Abilene Christian College Friday evening during commencement exercises in Moody Coliseum-Auditorium.

Dr. William J. Teague of Huntington Beach, Calif., assistant to the president of Purex Corporation was the speaker. His son, Tom, president of the 1970-71 ACC Students Association and a candidate for a BSED degree in speech education, was salutatorian with a 3.67 grade average.

There were 206 graduate and undergraduate degree candidates.

Elementary School Supply Lists Announced

Students who will be attending classes in the third, fourth and fifth grades will be needing the following supplies, according to Mrs. Mary Brown, principal.

THIRD GRADE

Crayons
No. 2 pencil
Glue (plastic bottle)
Notebook paper and binder
Eraser
Ruler (12 inch)
Scissors
Spiral notebook

FOURTH GRADE

No. 2 pencil
Notebook paper and binder
Glue (plastic bottle)
Crayons or map colors

FIFTH GRADE

No. 2 pencil
Ball point pen (black or blue)
Scissors
Ruler, centimeter and inch
Notebook paper and binder (two hole)
Glue (plastic bottle)
Eraser
Crayons
All elementary students will register at 8:30 Monday morning.

While sorghum grain is similar to corn — it is higher in protein and lower in fat.

In some countries, people chew the sweet stalks of the sorghum — the way some people chew sugar cane.

NEWS FROM . . .

Old Glory

By Bernice D. White

The rains continue. Most parts of the community had a total of around 5 inches or more last week. Stock tanks are beginning to fill up, but not many have dared to say they have had enough.

Mr. and Mrs. E. H. Diers were in Austin last weekend visiting with their daughter, Mrs. Helen Cox, and children. While there they attended the graduation exercises at Southwest Texas State University in San Marcos, where Mrs. Cox received her Masters Degree in Education. Their granddaughter, Theresa Cox, had been here for several weeks this summer. Mr. and Mrs. Diers returned home Sunday.

Mr. and Mrs. Tim Jennings and children of Albuquerque, N. Mex., have been here visiting their parents, Mr. and Mrs. A. R. Sawyers and Mr. and Mrs. T. W. Jennings. On Sunday, the Jennings other son and his family, Mr. and Mrs. Ted Jennings and children of Haskell, were also here visiting. Judy White and Francelle Boles of Lubbock were here last weekend visiting their parents and other relatives and friends.

Mr. and Mrs. Bill Lackey and children of San Antonio have been here visiting her mother, Mrs. Manita Newman, and also his parents, the Bill Lackeys in Aspermont. They also visited her grandmother, Mrs. H. E. Carr. Mrs. Carr had been living in a rest home in Anson, but became ill last week and returned to the Stonewall Hospital in Aspermont, where she is still a patient.

Mrs. Eula Mae Magness of Friona spent last week here visiting with her sister and husband, Mr. and Mrs. Travis Beil. One afternoon Mrs. Beil and Mrs. Magness visited with Mr. and Mrs. Lynn Flowers.

Other visitors in the Lynn Flowers home last week included Mrs. Rosa Needham of Fort Worth and her sister Mrs. Ruby Trammell of Aspermont. Rex Flowers of Stamford also visited with them one day.

Mr. Williams, a student at A.C.C. who served as minister at the Old Glory Church of Christ, was a dinner guest in the home of Mr. and Mrs. Cecil Klump last Sunday.

Peggy and Jeff Pumphrey of Fort Worth, who have been here visiting their grandmother, Mrs. Jonnye Pumphrey, returned home last Saturday.

Mr. and Mrs. Eugene Gerloff of Lubbock spent Friday night here visiting his mother, Mrs. Katie Gerloff.

Mr. and Mrs. Morris Garner and Mrs. Willie Fletcher spent last weekend in Abilene with the Garner's son and family, Mr. and Mrs. Loy Zane Garner and children.

Scottie Snider of Lubbock has been here visiting with Mr. and Mrs. A. R. Sawyers and other relatives and friends.

Gayle Cupertson of Artesia, N. Mex., has been here visiting her grandparents, Mr. and Mrs. Otto Dudensing.

Old Glory teachers returned to work Monday morning to spend a week of preparation, in-service training, etc. and when students return next Monday morning they will find the same ones there that they left last May. There were no changes in the Old Glory faculty this year. All other personnel remains the same with the exception of one bus driver. Russell Letz has been employed to drive the north bus, since Herbert Teichelman resigned.

McCaulley Youth, Duane Young, Completes Basic

FT. POLK, LA. — Army Private Duane D. Young, 18, son of Mr. and Mrs. Homer D. Young, McCaulley, recently completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Polk, La.

He received instruction in Drill and Ceremonies, Weapons, map reading, combat

HEIDENHEIMER'S

Elvis 'Tex' Moore Dies In Big Spring VA Hospital

Elvis L. (Tex) Moore, a retired Navy veteran, died Aug. 11 in the Veterans Administration Hospital in Big Spring, just four days before his 56th birthday. He had been at the VA hospital for seven weeks and had been ill about two months.

Born Aug. 15, 1915, in Oklahoma, he was the son of the late Mr. and Mrs. John Moore. He was married to Ovidia Walton in Lovington, N. Mex., May 16, 1961. He had lived in Hamlin since 1954.

Services were held Friday at 3 p.m. in Fatih Methodist Church. Rev. Howard J. Jones, pastor of First Baptist Church, officiated. Burial was in Hamlin Cemetery.

Survivors include his wife, Ovidia; two brothers, Harley and Melvin of Brownfield; five sisters, Mrs. Bessie Singletary of Brownfield, Mrs. Alma Hartzog of Baytown, Mrs. Arlene Cozby of Selma, Calif., Mrs. Mable Walker of Kermit and Miss Jewell Moore of Oklahoma City, Okla.

Pallbearers were Carl Hulsey, Jack Robbins, Elmer Cooper, Reed Cooper, Jiggs Van Eiten and J. D. Adamams.

Local Students Receive Degrees From McMurry

Three students from Hamlin were among the 63 students in summer commencement exercises held Friday at McMurry College in Radford Auditorium.

Augustin Barron Jr., son of Mr. and Mrs. Augustin Barron, 249 N. W. Ave. D., received a bachelor of business administration in marketing.

Rudolfo Mendoza, son of Mr. and Mrs. Jesse Mendoza, received a bachelor of arts degree with a major in Spanish and a minor in English. He was active in the Spanish Club.

Mrs. Hal Porter, the former Margaret Cooper, daughter of Mr. and Mrs. Paul Cooper, received a bachelor of science degree with a major in elementary education and a minor in English. She was active in Delta Beta Epsilon social club, Wah whataysee, Kappa Delta Phi and served as an interclub representative.

Dr. Lerrin Kennamer, dean of the college of education and professor of geography and education at the University of Texas in Austin, was the speaker.

NEWS FROM ...
Sylvester
By MRS. R. M. BARR

Cloudy, wet Monday morning, Aug. 16, and we had 4.47 in. of rain this past week and I am safe in saying everyone I have talked to seems to think that we could wait for a short time for another tain but guess if it rains we will accept it.

We were through Hamlin late Sunday afternoon and they had water just most anyway you wanted to look.

Guests in the Jim Lanning home last weekend were Capt. and Mrs. Lanning, Jim David and Jenny of College Station.

Mrs. E. F. Lawlis has gone to San Angelo to spend a week in the home of her son's family, Mr. and Mrs. Howard Fount Lawlis.

Visiting in the home of Miss Celia Hester one afternoon last week were relatives from Louisiana and Mrs. May Hurst.

Mr. and Mrs. W. B. Brown drove to San Angelo Saturday and visited with the Don Forrester family. Returning Sunday, they stopped in Sweetwater for a brief visit in the Gerry Prather home.

Our sympathy to the family of Henry Ward who was buried Sunday afternoon in Sylvester Cemetery. He had lived in Sylvester many years.

Mr. and Mrs. Guy Mauldin are enjoying a visit with the Alton Mauldin family in Rosenberg near Houston.

Mr. and Mrs. W. M. Lawlis accompanied by Mr. and Mrs. Sherman Driggers of Trent drove to Munday Sunday where Woodrow spoke at the First Baptist Church.

Some Disabled Veterans To Receive Free Licenses

AUSTIN — Details of a new program which will provide free 1972 automobile license plates to some disabled veterans were revealed today by the Texas Highway Department.

The program was set up by an act of the 62nd Legislature.

To qualify, an applicant must:

- Be a Texas resident;
- Be a veteran of the armed forces of the United States;
- Have a disability rating of 70 percent or more;
- Be drawing compensation from the federal government as the result of service-connected disability.

A qualified veteran is entitled to register one passenger car or light commercial vehicle with a manufacturer's rated carrying capacity of one ton or less for his own use without paying the prescribed registration fee. There is a statutory fee of \$1 which must accompany each application.

Specially designed license plates will be issued with the letters "DV" appearing as either a prefix or suffix to the license number. The words "Disabled Vet" also will appear on the plates.

Vehicles with Disabled Vet plates will be exempt from paying parking fees charged by any governmental authority other than the federal government. This includes parking meters.

The license plates will not be available until the beginning of the 1972 registration year. The law provides that the disabled veteran must make application by October 1 preceding the registration year for which the plates are requested.

All Disabled Vet plates will be issued directly from the Motor Vehicle Division of the Texas Highway Department in Austin.

As a prerequisite, the veteran's disability rating must be verified by the Veteran's Administration or the branch of the armed forces from which he draws his disability compensation.

Also, the Texas title to the vehicle must be issued in the name of the veteran.

Application forms and instructions may be secured from the Texas Highway Department, Motor Vehicle Division, 40th and Jackson Avenue, Austin, Texas 78703.

The forms also will be available from Motor Vehicle Division district offices in Houston, San Antonio, Corpus Christi, Port Arthur, El Paso, Fort Worth, Dallas, Lubbock, Amarillo and Longview, as well as county tax offices; county veteran service officers; American Legion headquarters in Austin and Veterans of Foreign Wars headquarters in Austin.

Mr. and Mrs. Roy Pritchard are parents of a boy, Tommy Royce, born Aug. 18 at 1:53 a.m. He weighed 6 lbs. 15½ oz.

Mr. and Mrs. James Ray Austin of Abilene are parents of a girl, Jeannine Renee, born Aug. 16 at 12:40 p.m. She weighed 6 lbs. 7 oz.

Mrs. W. G. Wienke Marks Birthday At Home Monday

Monday marked the 93rd birthday of Mrs. W. G. Wienke of Old Glory. She spent the day quietly in her home enjoying the company of friends and relatives who called.

Born Lottie Klump, Aug. 9, 1878, near New Ulm in Austin Co., Texas, she was the daughter of the late Mr. and Mrs. William Klump, oldest of six children. She married W. G. Wienke Apr. 25, 1898.

Mrs. Wienke still lives in her big two-story house in Old Glory, but spends several months each year visiting with her children. She enjoys the flowers in her yard, and on a summer morning one can usually find her outside looking them over.

Aside from the arthritis in her leg, she is still quite active for her age. One of the highlights for her this year was attending the annual Klump Family Reunion held at Round Top in June and dancing a couple of rounds.

But there have also been sorrows in her life time. Only last week as members of her family were preparing to come visit her on her birthday, they were notified that her youngest brother, Ben Klump, had passed away. Mr. Wienke died in 1965. Last year, she lost a son, Leslie Wienke of Lubbock, a daughter, Linda, died as a small child.

Her other four children and their spouses were all here for her birthday. They are Mr. and Mrs. Jack Doty of Garden City, Kans., Mr. and Mrs. J. G. Pope of Hempstead, Mr. and Mrs. Roy Wienke of Lubbock, and Mr. and Mrs. Garrett Spitzer. A sister, Mrs. Tillie Dippel, and a number of other friends and relatives visited her also.

Handy Jim's FIX-UP TIPS

Decorator Peg-Board

USING a new Decorator Peg-Board, the homemakers can dress up kitchen areas and, at the same time, put them to work. The grasscloth texture of the dual-purpose hardboard comes in a neutral beige tone, suitable for other locations in the home as well.

The upper two-thirds of the 4 x 8-foot panels have 720 perforations in each of the long rectangular areas that are separated by half-inch-wide grooves. The wainscot remains unperforated.

Decorator Peg-Board was designed by Masonite Corporation as a versatile paneling in such locations as the kitchen, recreation room, child's bedroom, utility room or garage. The panels are made functional through use of metal fixtures fitting the perforations.

Panels and fixtures are available at lumber and building materials dealers.

Mrs. Don Smith and children of Phoenix, Ariz. visited her mother, Mrs. Jackie Fletcher, last week.

Mr. and Mrs. Herman Dunham of Jayton are parents of a boy, Jason Shad, born Aug. 6 at 12:51 a.m. He weighed 5 lbs. 15½ oz.

THE HAMLIN HERALD

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

In spite of the damages and the troubles caused by the flooding here Sunday it is obvious that we came out in good shape compared to what so easily might have been. More rain Sunday evening or Monday morning or even just another inch or so Sunday morning and a great many more people would have been in serious trouble.

It is always hard to even think about a flood in dry West Texas — especially is this so following on the heels of a severe drought — but I doubt if there is an area in West Texas that will not be flooded to some extent with a hard four or five inch rain. And because it happens so seldom it is almost impossible to do anything about preventing it.

The flooding here Sunday pointed out again how hard it is for people of West Texas to relate to most of the rest of the country. . . When you see so many friends and neighbors come to the aid of those in trouble it makes it hard to understand how people in other parts of the world and especially in other parts of this country can just stand by while their neighbor is in trouble.

The biggest problem facing us now as part of the after-effects of the flooding is that of controlling the mosquitoes. With water standing all over town it will be next to impossible to eliminate the breeding places.

I understand that Clarence Fisher has volunteered his services to spray as much of the area as possible. It is not known at the time this was written on Monday just what would be the expense or the problems involved but this would appear to be about the only answer.

Hopefully the details of this project will have already been worked out and the spraying started by the time this is read.

Local fans can start getting ready as football season is just about here. The Pipers started two-a-day workouts Monday and the first scrimmage is set here Friday, Aug. 27, with Seymour.

Many local fans viewed the Miami game last Friday with extra interest as Jesse Powell, a Spur boy who coached here in Junior High last spring, played linebacker during the entire game.

Profootball being the rough and tumble game that it is I was afraid that Jesse might be just a little small to make it at linebacker but he looked pretty good against the 49'ers the other night. Since he did play the whole game I hope that is a good sign that he has secured himself a spot on the team.

Not only did he play linebacker but he was also on the kickoff and punt coverage teams.

It is amazing just how many ways the Legislature can come up with to separate us taxpayers from our money. Beginning Sept. 1 if you get a ticket you will not only have to pay a fine but will also be taxed an extra \$2.50.

And if you are an employer who has workman's compensation insurance on your employees you have probably already found out that you are now being taxed an extra \$7.509 to finance the Texas Industrial Board — whatever that is.

Don't know just how strongly it will be enforced but also beginning Sept. 1 you can be fined up to \$200 for leaving your keys in your car (Plus the \$2.50).

FLOOD HITS HAMLIN SUNDAY

Water In Several Houses

(Photo by Tim Jones)

CLEANUP UNDERWAY — Friends joined Ned Moore, right, in the major cleanup operation as the water began to recede after Sunday's flood. The inside of the Moore home at 920 S. W. Third was covered with an inch of water. The doors were sand bagged and caulked. The water level at the garage door got to 8¼ inches, Moore said. Mrs. Moore, who was out of town at the time, returned home Tuesday. All of the carpet was taken up Tuesday to dry.

Flood Control, Mosquitoes Are Major Topics At Council Meeting Monday

Flood control and mosquitoes were of major concern during discussions at the City Council meeting here Monday evening. The council voted to seek the help of the Texas Highway Department in widening of two bridges that they felt contributed heavily in causing the major flooding here Sunday.

They also voted to work out some arrangement with Hamlin Flying Service to spray the California Creek and other low lying areas of the city to stop the breeding of mosquitoes. It was expected to cost the city about a dollar an acre to spray from the air the chemical that kills the young lava.

It was pointed out at the meeting that the spraying would need to be done after the creek stops running to be effective. It was hoped that the spraying could be done before this weekend barring more rain.

In other action, the council voted to authorize the Housing Authority of the City of Hamlin to look into the possibility of a low-rent housing project for the elderly and voted to seek bids on seal coating 20 blocks of city streets.

During the discussion on the flood control problems facing the city to avoid a future flood like the one here Sunday it was felt by the council that the bridges over the California

Creek on the Anson Highway and the McCaulley Highway were not wide enough to handle the water fast enough.

Of major concern to the council was the danger the flood created for the city water supply. Water Superintendent E. E. West told the council that it took several hours of sand bagging and pumping to keep

the water out of the city's water system.

A representative of the council will meet with Highway Department officials in an effort to get these bridges widened so that the water can get out of the city faster. Mayor Hollis Madden told the council that the Highway Department had already agreed to do work on the Aspermont Highway just north of the Texas Central Railroad tracks. This area also received heavy flooding here Sunday.

Hamlin Exes Make Plans for Homecoming

Officers of the Hamlin Ex-student Association met Monday evening in the office of Jack Willingham, president.

Plans for Homecoming to be held Oct. 9 were discussed. Tentative plans were made for the chili supper and bonfire to be held Oct. 8, a noon meal to be catered followed by the business session, the parade to be at 4 p.m. the football game with Jacksboro at 7:30 and an after-game coffee Oct. 9. Committees will be appointed for the various activities.

The officers request that all persons with changes of address to write to the Ex-student Association, Box 323, Hamlin, Texas 79520.

A newsletter detailing all the activities will be mailed early in September.

Registration Now Open for 18-20 Year Old Voters

Voter registration has, in effect, been opened for newly-enfranchised 18-20-year olds to permit them to sign up at any time prior to Mar. 1, 1972.

County registrars have been instructed to accept applications from 17, 18, 19 and 20-year olds, with registration certificates to be effective for any election held 30 days or more afterward. Young voters who failed to register during the registration period which ended Feb. 28 may now present their applications to the tax assessor-collector.

They must sign up again Oct. 1 or thereafter to remain eligible to vote in elections beyond Mar. 1, 1972.

Registration Starts Today—

Classes to Start Here Monday Morning

With classes getting underway here Monday at 8:30 in all of the Hamlin Schools, high school and junior high school students will register for classes Thursday (today) and Friday.

Buses will run their regular routes Monday and both the primary and high school cafeterias will open.

Registration schedules for high school calls for seniors to register between 9 and 10:30 today (Thursday) and juniors between 1 and 2:30 p.m. Friday all sophomores are to register between 9 and 10:30 and freshmen between 1 and 2:30.

Junior high students will follow the following schedule for

registration: eighth grade today (Thursday) between 10 and 12 a.m., seventh grade between 1 and 3 p.m.; sixth grade on Friday between 10 and 12 a.m.

All other students will register Monday morning.

For the second year the Hamlin Schools will offer Kindergarten on a limited basis set under the guidelines of the Texas Education Agency.

To be admitted to kindergarten a child must meet the following requirements:

The child must be at least five years, two months old on Sept. 1, 1971.

The child must come from a family with an income of \$3,000

or less per year.

And the child must have some difficulty in understanding the English language.

If a child qualifies under the above requirements the parents or guardian are urged to contact the office of the Superintendent of Schools.

The children in the kindergarten program will have a school day as long as the first grade and the classes will continue through the school year.

Lunchroom prices will remain the same as last year with primary and elementary students paying 40 cents and junior high and high school students paying 50 cents.

GETTING READY FOR SCHOOL — Laurie and Julie Willingham, daughters of Mr. and Mrs. Jack Willingham, are shown after purchasing school supplies in preparation for school opening Monday. Laurie, left, 8½, will be in the fourth grade and Julie, 10½, will be in the fifth grade. They will attend classes in the elementary building.

Schedules Set—

Football Workouts Open For Pied Pipers Monday

Football workouts started here Monday morning for the Hamlin High School Pied Pipers. Coach Deane Wright said Tuesday that 43 boys were taking part in the two-a-day practice sessions.

Coach Wright also announced the schedule for the junior varsity team and the junior high teams this week. He said that he did not have enough boys out to play a freshman schedule this year.

Junior High workouts will begin Monday with the opening of school.

The Pipers will hold two scrimmages before opening their season play here with Winters Friday, Sept. 10. They

will scrimmage Seymour here Friday, Aug. 27 and at Aspermont Friday Sept. 3.

Current plans call for the annual Pied Piper Booster Club Ice Cream Supper to be held before the Seymour scrimmage, according to James Rodgers, president.

The Piper Varsity schedule is as follows:

Sept. 10 — Winters	here
Sept. 17 — Clyde	there
Sept. 24 — Childress	here
Oct. 1 — Coahoma	there
Oct. 9 — Jacksboro	here
Homecoming	
Oct. 15 — Haskell	here
Oct. 22 — Rotan	there
Oct. 29 — Anson	there

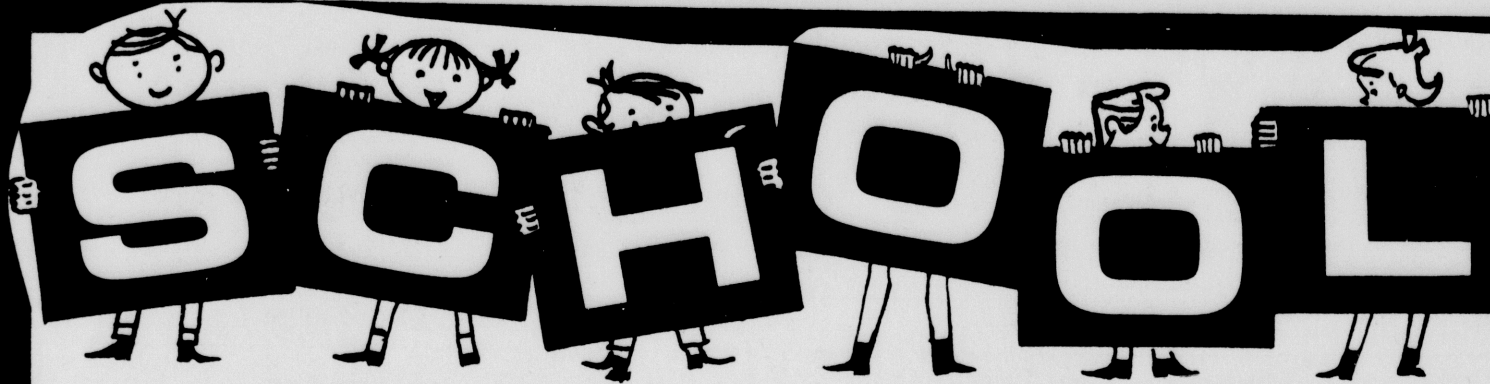

Nov. 5 — Stamford	here
Nov. 13 — Merkel	there

The Junior Varsity schedule is as follows:

Sept. 9 — Haskell	here
Sept. 16 — Rotan	there
Sept. 23 — Anson	there
Sept. 30 — Stamford	here
Oct. 7 — Merkel	there
Oct. 14 — Haskell	there
Oct. 21 — Rotan	here
Oct. 28 — Anson	here
Nov. 4 — Stamford	there
Nov. 11 — Merkel	here

The Junior High schedule is as follows:

Sept. 14 — Merkel, 7-8	there
Sept. 21 — Spur, 8	there
Sept. 28 — Sweetwater, 8(B)	here
Oct. 5 — Anson, 7-8	there
Oct. 19 — Albany, 8	here
Oct. 26 — Stamford, 7-8	here
Nov. 2 — Rotan, 7-8	there
Nov. 9 — Sweetwater, 7-8	there

SUPER MARKET HAMLIN, TEXAS

HOMEMAKING TEACHERS CONVENE — Homemaking teachers meeting on the campus of Texas Tech University are, from left, standing, Marilyn Reid of Goree, Hellen Hathaway of Cisco, Helen Short of DeLeon, Imogene Spring of Seymour and Edith S. Carter of Hamlin. Homemaking education personnel assisting with the Home Economics Cooperative Education Workshop are, seated, Norma Parton of Waco, left, Area 8 consultant, Texas Education Agency, and Miss Joe Marie Phillips of Austin, chief consultant, Texas Education Agency.

Home Ec Department To Offer On-Job Training

Approximately 90 Homemaking teachers and staff members attended the Home Economics Cooperative Education Workshop last week at Texas Tech University Campus in Lubbock. The teachers of beginning Home Economics Cooperative Education programs and staff members from all parts of Texas participated. It was the largest group ever to attend this type workshop since the passage of the Vocational Education Act of 1963, which focused attention upon the need for more occupational education programs at the high school level.

One class in Home Economics Cooperative Education is scheduled for this school year at Hamlin High School. These classes afford students of Junior and Senior standing both on-the-job and class room education in a variety of occupations. Practical work experience is provided the student through the part-time employment at some cooperating business in Hamlin.

The course is set up for one or two years and carries two credits each year. Students receive pay comparable to that paid beginning workers in the same occupations.

Typical occupations in the program are child care aide, companion to elderly, clothing assistant, fabric coordinator, floral designer, food service employee, and housekeeping management assistant.

The program in Hamlin will operate under the direction of Edith S. Carter, teacher-coordinator. Mrs. Carter will be responsible for the selection and placement of students and will correlate their classroom and practical education. An advisory committee of local people will be set up by the school to assist Mrs. Carter in organizing and operating the new program.

The addition of this type

Kay Hodnett, Jackie Buske Exchange Vows Saturday

Kay Ann Hodnett and Jackie Lee Buske were married Saturday at the Hamlin Church of Christ.

The bride is the daughter of Mr. and Mrs. Wayne Hodnett of Hamlin. The bridegroom is the son of Mr. and Mrs. Jack Buske of Stamford.

W. H. (Gene) Johnston of Hamlin officiated. Music was furnished by Kenneth Castello of Abilene, and soloist was Mrs. Kenneth Castello.

Matron of honor was Mrs. Carlton W. Adams Jr. of Abilene. Bridesmaids were Linda Ables of Abilene and Mrs. Ed Wilson of Midland.

Flower girls were Robbie Ritchey of Big Spring and Vickie Hodnett of Mesquite, both cousins of the bride.

Candlelighters were Mike Ritchey and Philip Ritchey, both of Big Spring, cousins of the bride.

Best man was Doug Sharer. Groomsmen were Larry McCoy and Gary Hester.

Bill Hodnett, brother of the bride, and Larry Buske, cousin of the bridegroom seated guests.

Given in marriage by her father, the bride wore a gown of organza with hand-clipped Chantilly lace tracing high neckline, bishop sleeves and empire bodice. The semi-A-line skirt was accented with repeat of lace. Her chapel train bordered in matching lace fell from the hairline giving mantilla effect.

Her attendants wore empire floor length gowns of hot pink crepe with white garden hats trimmed in matching hot pink ribbons. They carried long stemmed white roses.

MRS. JACKIE LEE BUSKE
...formerly Kay Ann Hodnett

After a trip to Colorado the couple will live on Route One Hamlin.

The bride is a 1966 graduate of Hamlin High School and attended Commercial College and McMurry College in Abilene. She was employed with Citizens National Bank in Abilene.

The bridegroom is also a 1966 graduate of Hamlin High School and attended Angelo State University, San Angelo. He is presently engaged in farming and ranching.

His parents hosted the rehearsal dinner at the Cliff House in Stamford.

Ferguson Jr.

A coffee given by Sharon Hawkins was held Aug. 7 in her parents' home. Guests tied rice bags. Special guests were Mrs. Elmer Hawkins, grandmother of the bride-elect; Mrs. J. B. Jayroe and Mrs. W. A. Hawkins, both aunts of the honoree.

A surprise paper shower and bridge party was given Aug. 11 by Mrs. James E. Harrison.

Guests were served from a buffet table centered with white carnations and blue cornflowers.

A box of paper gifts was decorated in white and blue, the honoree's chosen colors.

Guests included Mmes. E. D. Perrin, Jerry Waggoner, John D. Ferguson Jr., W. T. Johnson, Robert Fowler, Joe Edwin Ford, Elmer John Hawkins, L. C. Bonds Billy Joe Wilson, and Misses Carolyn Reynolds and Margaret Ann Johnson.

The couple will be married Saturday evening in the home of the bride-elect's parents.

C. W. Johnson Family Reunion Held Here Sunday

The C. W. Johnson annual family reunion was held Sunday. The family met in the home of Mr. and Mrs. C. W. Johnson and later went to the Jaycee Community Building for lunch and fellowship.

Attending were Mr. and Mrs. Johnson, C. W. Johnson Jr., all of Hamlin; Stanley, Colyne, Janice, Patsy, Harold, Shirley, Danny and David Johnson, all of Duncanville; Linda, Linnie, Becky and Billy Johnson, all of Fort Worth; Sarah, Paul, Debbie, Paula and Charles Carlan, all of Stamford; Nellie, Robert, Teresa, Dale and Lynette Rhoton all of Hereford and Don, Barbara, Terry Don and Jimmy Johnson, all of Big Spring.

Unable to be present were the Tommy Johnson family of Fort Worth and Barbara Clarke and family of Odessa.

Jaycee-ettes Provide Trophy For Area Meting

The Hamlin Jaycee-ettes provided the Travel Trophy for the area Texas Jaycee convention held in Sweetwater over the weekend although the Hamlin members were unable to attend because of heavy rains.

The local Jaycee-ettes are planning an Orientation Salad Supper Sept. 2 with Carol Orr, Area 1-C vice president, as the guest speaker.

The next regular meeting will be tonight (Thursday). Members are being asked to bring their salad recipes to the meeting at 8 p.m. in the home of Mrs. Charles Brumley.

Piano Recital

Cindy Grigg and Ronald Pursley, piano students of Patricia Gaasch, performed Friday night at a recital in the home of Mr. and Mrs. Fred H. Turner of Sylvester.

Cindy is the daughter of Rev. and Mrs. Buster Grigg and Ronald is a son of Mr. and Mrs. Homer Pursley.

Bridge Winners

Mrs. Holly Toler and Mrs. G. W. Comegys were first place winners Tuesday evening at the regular meeting of Hamlin Duplicate Bridge Club at the Jaycee Community Building.

A tie for second was with Mr. and Mrs. Henry Albritton and Mrs. Ray Sonnenburg and Mrs. Harry Yates of Stamford.

HAD VISITORS? That's news, call the HERALD.

LouAnn Hawkins Honored With Series of Parties

Pre-nuptial compliments for LouAnn Hawkins, bride-elect of Charles Richard Bullock, have included a buffet supper and gadget shower for the couple, a rice bag tying coffee and a surprise bridge party and paper shower.

Honoring the couple with a buffet supper and gadget shower were Mr. and Mrs. Gary Hill of San Antonio in the home of her parents, Mr. and Mrs. Irby Weaver.

A bouquet of fresh daisies and yellow mums centered the white linen covered serving table.

Mr. and Mrs. Weaver assisted the hosts.

Guests included Dr. and Mrs. E. J. Hawkins, parents of the bride-elect; Sharon Hawkins, sister of the bride-elect; Maury Merrill of Lubbock; Carolyn Reynolds, Messrs. and Mmes. Jerry Smith, Billy Joe Wilson, O. H. Weaver and John

FROM THE FILES . . .

FORTY FIVE YEARS AGO
(August 17, 1951)

One of the first homes and best homes to be built in Hamlin went up in flames Tuesday afternoon about five forty as a complete loss to the building and a good part of the contents. It was the D. J. Payne residence on Hope Avenue.

Mr Payne had started an oil heater for his bath, then went into the back yard to cut weeds and grass and evidently the flames went wild and the result was that in a short while the entire house was burning.

The fire department responded quickly and attached the hose more than a block away, and when the high pressure pump started the hose bursted. This occasioned some delay and by the time the fire was extinguished the house was an entire loss.

Considerable household furnishings were saved, however in every case of this kind scores of articles are lost that cannot be replaced.

Mr. Payne had both his house and furniture fairly well insured.

TWENTY YEARS AGO
(August 31, 1951)

One hour periods for class work at Hamlin High School will be started when the educational institution gets down to business early next week, reports Principal B. V. Newberry. Classes will begin at 9:00 a.m. and dismiss at 12:00 noon. With only 45 minutes allowed for lunch, classes will resume at 12:45 and will be dismissed at 3:45 p.m.

Registration was almost completed Wednesday, the principal reports. Classes were scheduled, books issued and lockers assigned in pre-school registration. Other registrants will be accepted Monday morning. Actual class work will be started Tuesday morning, Newberry says.

New equipment was this week being installed in the expanded vocational agriculture department at Hamlin High School, according to Claude Blankenship and Harold Eades, instructors. Included in the new equipment are power tools embracing grinders, saws, lathes, jointers and jig-saws, as well as acetylene and electric arc welding paraphernalia.

With the expanded department a fourth year course in wood and metal working will be offered to Hamlin High School students to add another affiliated credit to the curriculum.

New dressing rooms, a new class room and tool room are provided in the adjoining section formerly used as bus storage.

Coaches Jess Burditt and Vernon Townsend of the Hamlin Pied Pipers eleven reported Wednesday that 31 boys had shown up for the work-outs

for football this year. Coach Bob Nunley of the Junior High School reported 25 had been reporting.

High School boys were working out two times daily — morning and evening and the Junior High boys every evening.

The coaching staff reported, "The boys are looking good according to form and no injuries as of yet."

Both teams promise to give the city of Hamlin a good season and weight on the varsity and juniors is about average.

Scrimmages will be held for the Pipers Saturday at Abilene against a team from Winters and against Aspermont Tuesday afternoon at 2:30 p.m.

TEN YEARS AGO
(August 17, 1961)

James E. Rodgers, son of Mr. and Mrs. Edd Rodgers, has recently been elected a member of the American Institute of Certified Public Accountants, and will open his office here this week at 136 S. Central.

Rodgers was a 1947 graduate of Hamlin High School and attended Texas Tech. He also spent some time in the United States Air Force. He was formerly a partner in the firm of Jackson and Rodgers at Lubbock.

According to the Booster Club, an ice cream supper will be held Tuesday night, August 22, to honor the Football boys and members of the band and pep squad. Special guests will be the wives of the Booster Club. The occasion will be staged immediately following the football scrimmage with Colorado City at the Football Stadium. All members of the Bosoter Club and their wives are urged to attend to help boost the morale of the boys.

The Hamlin Schools will open at 8:30 a.m. on Monday, August 28, according to C. F. Cook, superintendent.

Everything is ready for the 16th annual Fisher County Fair and Rodeo scheduled for August 24, 25 26 in Roby.

A gigantic parade will open the three day event at 6:00 p.m. Thursday, August 24. Livestock Show will be held Friday and Registered Quarter Horse Show is Saturday. Exhibits will be on display all three days. Heavy entries are indicated in all departments.

Entries in the Rodeo, coming in rapidly assure another successful production of this fast moving event. Entry deadline is Wednesday, August 23, 6:00 p.m.

Revival services will begin here Sunday at the Foursquare Church with the Rev. Mrs. Katherine Byrd of Rochester as the evangelist. Services will be held nightly through the following Sunday, August 27.

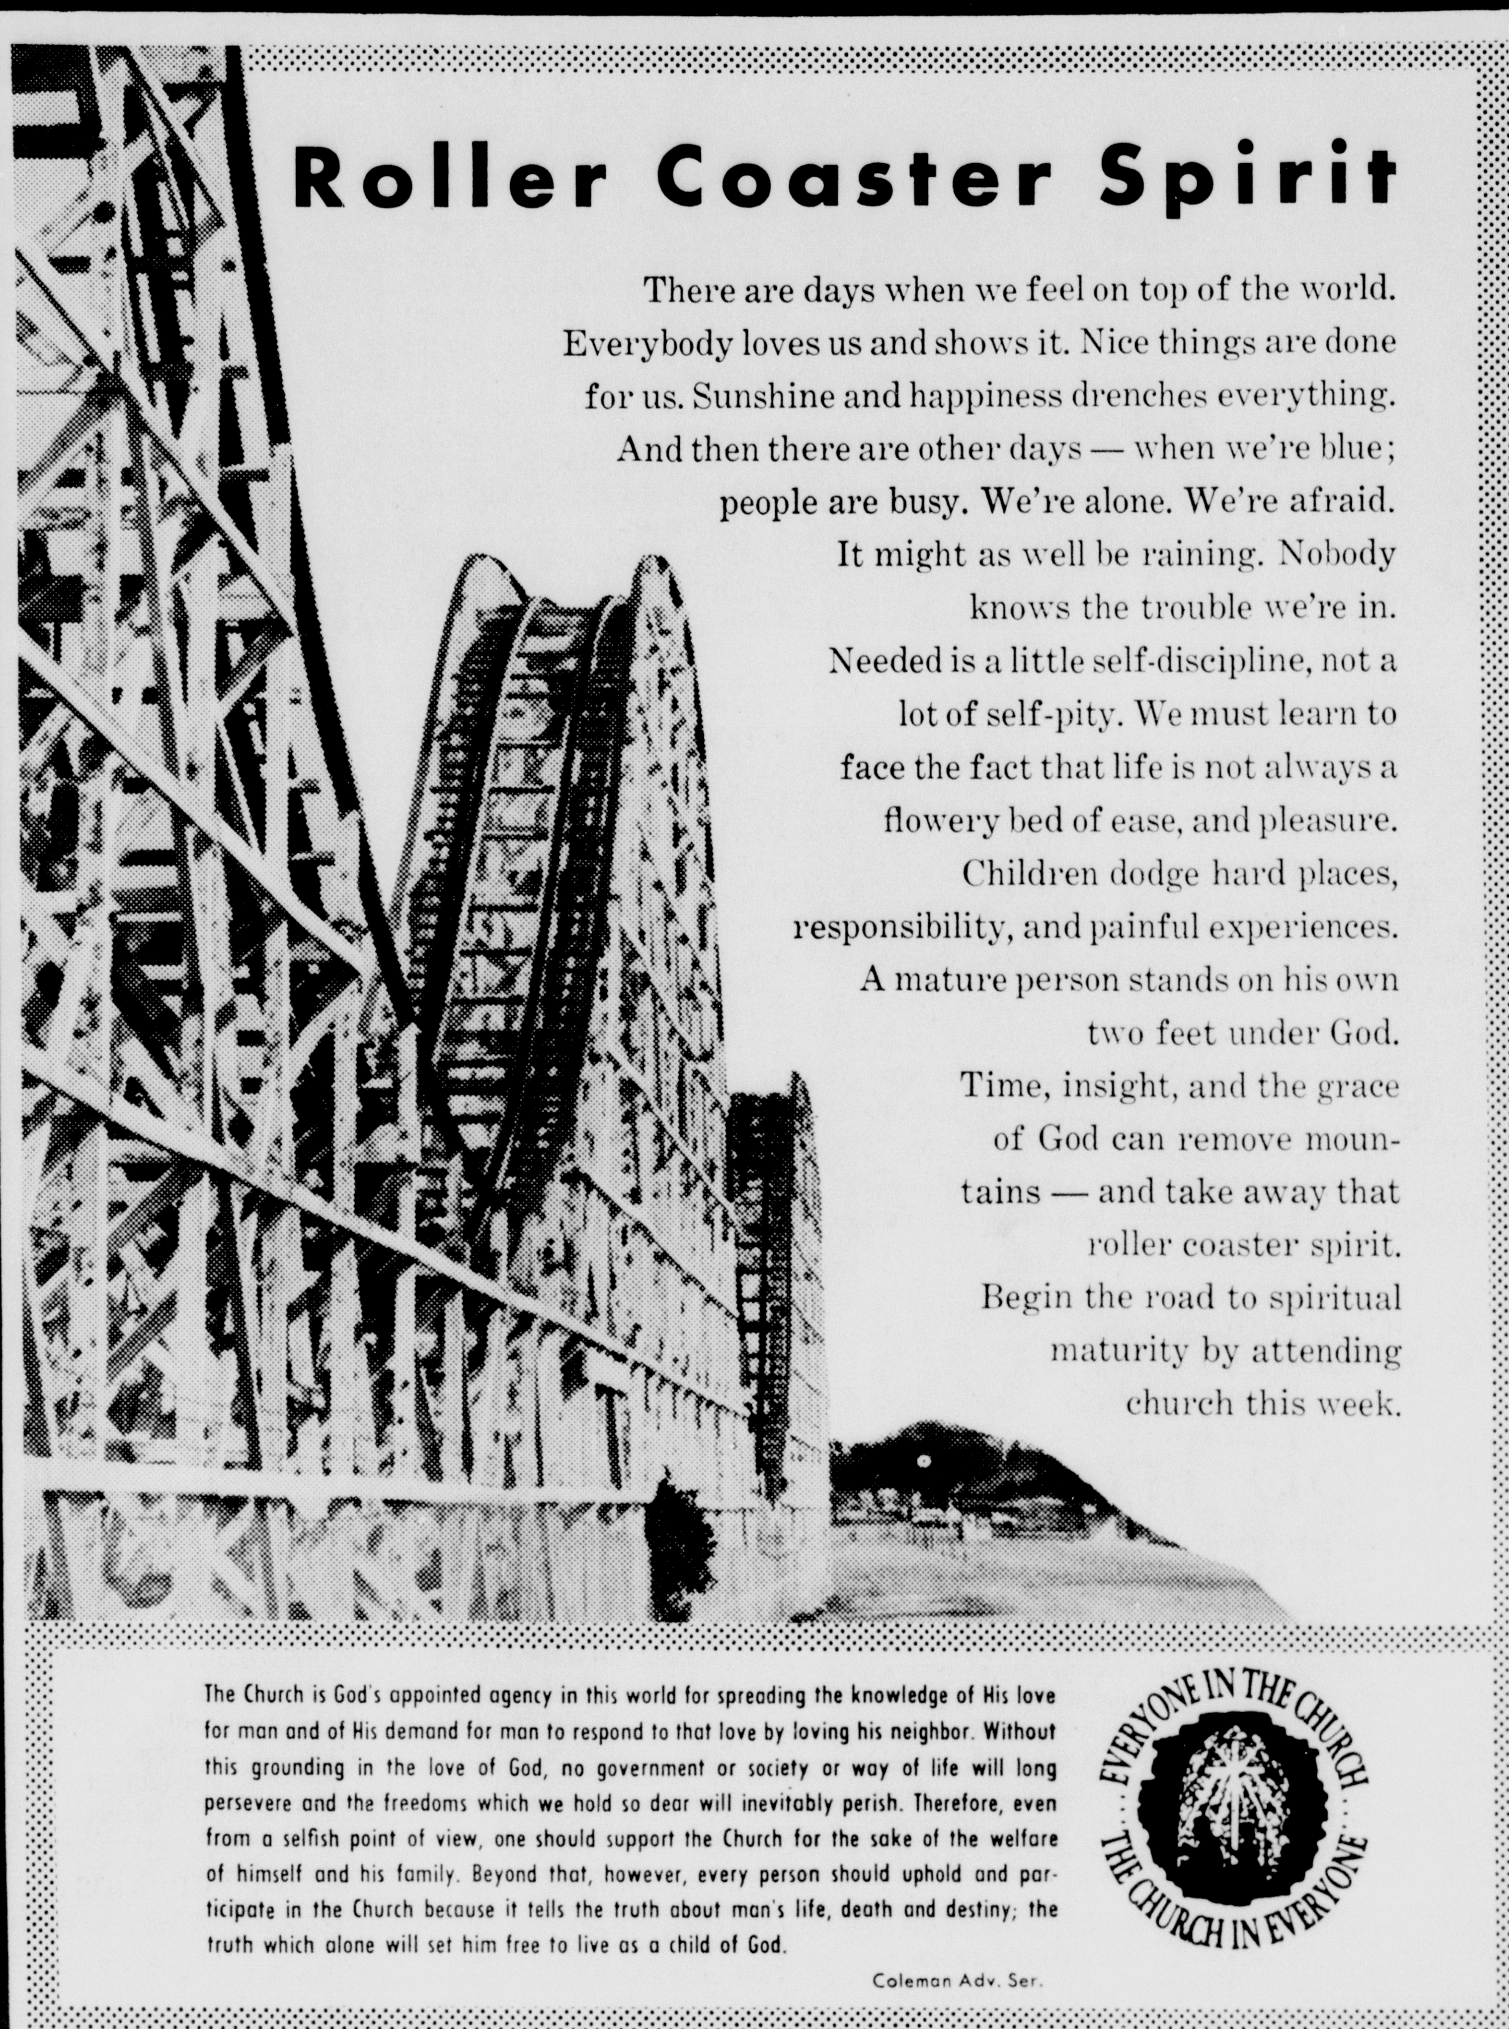

There will be a special music each evening and everyone is extended a cordial welcome. Rev. Spencer Liles is pastor.

Roller Coaster Spirit

There are days when we feel on top of the world.
Everybody loves us and shows it. Nice things are done
for us. Sunshine and happiness drenches everything.
And then there are other days — when we're blue;
people are busy. We're alone. We're afraid.
It might as well be raining. Nobody
knows the trouble we're in.
Needed is a little self-discipline, not a
lot of self-pity. We must learn to
face the fact that life is not always a
flowery bed of ease, and pleasure.
Children dodge hard places,
responsibility, and painful experiences.
A mature person stands on his own
two feet under God.
Time, insight, and the grace
of God can remove moun-
tains — and take away that
roller coaster spirit.
Begin the road to spiritual
maturity by attending
church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Neinda Philosopher Can't Get Mind
Off One Aspect of Voyage to Moon

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has some trouble with the high cost of space science this week, his letter indicates.

Dear editor:

I've tried everything from reading month-old newspapers to watching re-runs on television to figuring out how we can have two Chinas in the United Nations, which shouldn't be too hard in view of the fact we've got two Dakotas and two Virginias in the United States, not to mention one Texas, but still I can't get my mind off that moon buggy. I mean, its price. Eight million dollars.

As I understand it, the buggy was powered by four quarter-horse electric motors about the size of the one in your washing machine, one on each wheel, had special wire tires, seat belts, a bunch of batteries, no top, and a high-powered television camera. It didn't have a steering wheel, just a stick that controlled the four quarter-horse motors.

While my knowledge of auto manufacturing is about as close to zero as you can get, although I know the companies do have one engineer whose main job is to design a hood release latch so it'll never be in the same place one model to the next, I have decided that the hardest thing about building an 8-million-dollar moon car is making it cost 8 million dollars.

Fifty thousand dollars. . . . Maybe, considering inflation and all, a hundred thousand dollars, but 8 million dollars? Four electric motors, wire wheels, no top and a television camera?

How many sleepless nights did the designers and engineers have to spend to get that much money into one small car? They're bound to have had the help of four Congressional Committees and eighteen State Legislatures, with possibly a dozen or so big city mayors thrown in and no doubt a few of the engineers who design highway cloverleaf interchanges, working I guess on double-time, triple-time, quadruple time. . . . I could go on but I don't know what the word for the next multiple is.

Anyway, making the car cost 8 million dollars is nearabout as great a scientific feat as hauling it to the moon. That price of course was F. O. B. the launch pad. When you figure in the transportation charges thereafter. . . hold on to your hat and hang on.

Yours faithfully,
J. A.

OTTON ANDIDS!

Historical Briefs About The "King" Of Fibers

The name "muslin" comes from Mosul — once a great cotton manufacturing city in the Middle East.

In 1793, Eli Whitney reinvented the cotton gin — which had been successfully used in India some 2,000 years before!

MOVING OUT — All household belongings that could not be put above the water level in Sunday's flood were moved out of the W. H. Woolf home, 952 South Central.

INSIDE THE WOOLF HOME — Water reached a level of two feet inside the home of Mr. and Mrs. W. H. Woolf, 952 South Central Sunday afternoon. The family placed as much as possible above the water level and moved out other belongings.

SUNDAY AFTERNOON VISIT — Weekend visitors were literally moved outdoors here Sunday afternoon when water rose some two feet inside the home of Mr. and Mrs. W. H. Woolf, 952 South Central. From left are Mr. and Mrs. M. F. Woolf of Odessa, Mrs. W. H. Woolf, Debra Woolf and Lewis Woolf. M. H. and Lewis are sons of the W. H. Wools and Debra is the daughter of Lewis Woolf. The family's belongings had to be moved from the home.

Wheat Program Announced by USDA

Participants in the 1972 wheat set-aside program may substitute barley, corn, grain sorghum, or soybeans for wheat and still earn program benefits and protect their wheat allotment history, according to State farm program official, Clarence A. Danklefs.

Also, there is no limit on wheat acreage. Danklefs pointed out that producers may grow their full allotment, or more than their allotment, and remain within the program. He explained that "set-aside" does not mean diverting land from production of a specific crop. It means setting aside an acreage from a farm's total potential crop production.

Set-aside acreage for the 1972 wheat program will be equal to 83 percent of a farm's domestic wheat allotment, the maximum allowable under the law. This maximum set-aside was established because of the possibility of large grain supplies from this year's harvest. In 1971 wheat set-aside acreage was 75 percent.

Details of the program were announced recently by Secretary of Agriculture Clifford M. Hardin.

inclusion of barley and soybeans substitute crops for history protection and the higher set-aside percentage are the most notable changes in the 1972 wheat program, according to C. A. Danklefs, who is chairman of the Texas Agricultural Stabilization and Conservation (ASC) Committee which administers farm programs in the State.

"These changes reflect the present possibility of a large wheat harvest in 1971, the need for increased soybean acreage, and the necessity of assuring income protection for the farmer while also maintaining his greater decision making freedom provided by the Agricultural Act of 1970," Danklefs said.

The substitution provision will enable a producer to plant all or any combination of his acreage to wheat, feed grain (corn, barley, grain sorghum) or soybeans without loss of planting history or program benefits.

"The announcement that barley will be included in the feed grain program for 1972, and may be substituted for wheat or vice-versa, was made

because in some areas fall-planted barley is an alternate crop for wheat," Danklefs said.

He noted that soybeans will be allowed as a substitute crop for history protection in the feed grain program as well as the wheat program. Full details of the feed grain program will be announced as soon as possible, Danklefs said.

Several provisions of the 1971 wheat program are unchanged for 1972. The loan rate will remain at \$1.25 a bushel, national average — high enough to provide protection of farm income if the market unexpectedly falls, low enough not to be the determining factor in market prices for wheat, according to Danklefs.

The 19.7 million-acre domestic wheat allotment for the nation is unchanged from 1971. And farm-stored and warehouse-stored loans and purchases will continue to be available to producers participating in the voluntary wheat program.

Wheat producers in 1972 also will receive 100 percent of parity on production of their full domestic allotment the same as this year, through issuance of

(Photo by Tim Jones)

HOLDING THE WATER BACK — Sand bags placed at the front and back doors of the Gerald Young home, 905 S. W. Second, held the water back during Sunday afternoon's flood. The Young's daughter, DeDe, 12, is making sure that the water does not creep to the front door. Had the water risen just a fraction more, the water would have been in the house, the Youngs said. Water was in the garage up to the ledge leading into the house.

WATERY PLAYGROUND — The street north of the Joe E. Ford home on S. W. Ave. J. became a play area Sunday afternoon when water from California Creek flooded the area. The barn in the background belonging to the Fords was waist high with water at the peak of the flood.

BALLPARK STREET FLOODED — Looking down 'ballpark street' toward the south, this picture shows the flooded area from the intersection of Southwest Ave. E and Fifth Street that extended past California Creek toward Golf Course Road. The City Park, baseball park and swimming pool were under water Sunday afternoon.

wheat certificates. Face value of the certificates will be the difference between 100 percent of parity on July 1, 1972, and the national average wheat price received by farmers from July through November 1972. As was true this year, participants will receive preliminary payments as soon as possible after July 1 equal to 75 percent of the estimated face value of the wheat certificates, with the remainder to be paid after December 1, 1972.

Sign-up dates for wheat and other voluntary farm programs will be February 28 through April 7, 1972. A leaflet summarizing the 1972 wheat program is expected to be received in ASCS County Offices about mid-August and will be distributed by the County Office to local wheat producers as soon as received.

It takes more muscles to frown than to smile.

Crude Oil Production In Texas Hits All-Time High

DALLAS — Production of Texas crude oil last year again hit an all-time high while additions to reserves continued to lag, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

The state's oil fields produced 1.2 billion barrels of crude bringing the total for the past 81 years of recorded production to 34.1 billion barrels.

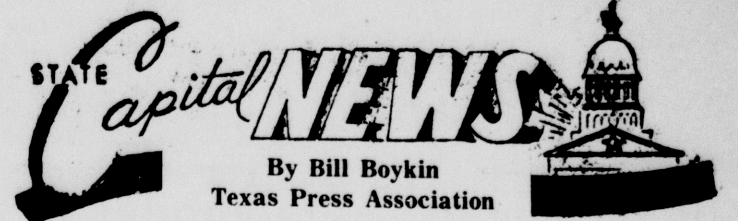

"Economic benefits from the production were felt throughout Texas," says Kenneth E. Montague, Association president, "as 205 of the state's 254 counties had producing oil wells. It is unfortunate that more oil was produced than was found in Texas — pulling our

reserves down for the third straight year."

Jones County, which has had recorded production since 1926, had a total crude oil output of 166,238,800 barrels up to the beginning of 1971. Jones County production in 1970 was 2,624,954 barrels at the rate of 7,192 barrels daily.

Fifteen counties produced more than 25 million barrels with Andrews topping the list with 71,684,656 barrels followed by Ector with 68,562,247 and Scurry with 58,085,376.

Gregg remained the all-time champion with a cumulative production of 2.2 billion barrels. Ector is second with 1.7 billion barrels.

ASUTIN — Legislative Redistricting Board will meet here August 24 to begin consideration of state senatorial reapportionment.

Shortly after the Board announced its meeting date, Gov. Preston Smith issued a sharply worded statement calling on the Board to forget "political considerations" and start work on a House of Representative redistricting bill also.

Smith noted the fact that Atty. Gen. Crawford Martin's appealing a district court decision invalidating the 1971 legislative act which attempted to reapportion the House does not preclude the Board from preparing for any eventuality.

Supreme Court of Texas, Governor noted, may uphold or over-turn the district court's August 2 decision that the Legislature illegally divided more than 20 counties. In either case, he said, the Board should be prepared with a House as well as a Senate reapportionment plan to avoid the need for a "million dollar" special session of the Legislature.

Lt. Gov. Ben Barnes, a member of the Legislative Redistricting Board, expressed surprise at Smith's blast. He said the Board has made no decision not to consider House redistricting and, indeed, has not even discussed the issue.

Board has just 60 days to draw the reapportionment after its initial meeting which means its lifespan expires in late October.

State Supreme Court Chief Justice Robert W. Calvert said the Court will meet within 48 hours after receiving a request for an appeal hearing and can reach a decision in 10 days or less.

Attorney General Martin said a transcript of the lower court proceedings is being speeded to completion and can be placed before the Supreme Court within another week.

AG OPINIONS — Attorney General Martin held that a new law requiring certain county officials to report to the county money they receive from operating private business on public property is unconstitutional.

In other recent opinions, Martin concluded: Use of the automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

Motor vehicle tax on rentals is due at the time of payment of rental charges. Legislature did not authorize credit or reimbursement for motor vehicle tax paid on original purchase price, when status of vehicle is changed from lease unit to rental unit.

Bill conferring additional jurisdiction on county court of Orange County is constitutional.

SOME AUTO INSURANCE COSTS CUT — State Insurance Board ordered a 50 percent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 percent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2 percent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

HIGHWAY FUND HEARING ASKED — Gov. Preson Smith seeks a formal hearing before the U.S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway

beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10 percent federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED — Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condoning the eleven-hour appeal though he opposes busing, were hit by U.S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED — Travis County grand jury investigation of profits by state officials in National Bankers Life Insurance Company stock has been delayed until August 17.

Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorio, former NBL president, told newsmen he came up with the idea for two controversial bank deposit insurance bills in 1969, and there was no connection between the stock deals and passage of legislation.

SHORT SNORTS Dr. James H. Perry of Baton Rouge, La., is new executive director of Southwest Educational Development Laboratory here.

Investigation is on of valuable historical documents stolen from State Archives and Austin area libraries.

Program to vaccinate all horses against Venezuelan equine encephalomyelitis in a six-state area will end August 15 with nearly 1.1 million vaccinated for VEE.

Moody Foundation of Galveston awarded almost \$1 million to 23 projects across state.

Revenue from cigarette smoking last month increased \$1.2 million over the 1970 figure for July — to \$17.6 million, reports the State Comptroller.

Personal income of Texans rose decisively in June, according to University of Texas Bureau of Business Research.

Texas Parks Department says restoration is under way on five Texas frontier forts — McKavett, Griffin, Lancaster, Richardson and Leaton.

Sammie Valliant Receives ACC Degree Friday

Sammie Jo Valliant, daughter of Mr. and Mrs. Harold E. Valliant, Route 1, received a bachelor of science degree in art education from Abilene Christian College Friday evening during commencement exercises in Moody Coliseum-Auditorium.

Dr. William J. Teague of Huntington Beach, Calif., assistant to the president of Purex Corporation was the speaker. His son, Tom, president of the 1970-71 ACC Students Association and a candidate for a BSED degree in speech education, was salutatorian with a 3.67 grade average.

There were 206 graduate and undergraduate degree candidates.

Eraser
Crayons
All elementary students will register at 8:30 Monday morning.
While sorghum grain is similar to corn — it is higher in protein and lower in fat.

In some countries, people chew the sweet stalks of the sorghum — the way some people chew sugar cane.

NEWS FROM . . .

Old Glory

By Bernice D. White

The rains continue. Most parts of the community had a total of around 5 inches or more last week. Stock tanks are beginning to fill up, but not many have dared to say they have had enough.
Mr. and Mrs. E. H. Diers were in Austin last weekend visiting with their daughter, Mrs. Helen Cox, and children. While there they attended the graduation exercises at Southwest Texas State University in San Marcos, where Mrs. Cox received her Masters Degree in Education. Their granddaughter, Theresa Cox, had been here for several weeks this summer. Mr. and Mrs. Diers returned home Sunday.
Mr. and Mrs. Tim Jennings and children of Albuquerque, N. Mex., have been here visiting their parents, Mr. and Mrs. A. R. Sawyers and Mr. and Mrs. T. W. Jennings. On Sunday, the Jennings other son and his family, Mr. and Mrs. Ted Jennings and children of Haskell, were also here visiting.
Judy White and Francelle Boles of Lubbock were here last weekend visiting their parents and other relatives and friends.
Mr. and Mrs. Bill Lackey and children of San Antonio have been here visiting her mother, Mrs. Manita Newman, and also his parents, the Bill Lackeys in Aspermont. They also visited her grandmother, Mrs. H. E. Carr. Mrs. Carr had been living in a rest home in Anson, but became ill last week and returned to the Stonewall Hospital in Aspermont, where she is still a patient.
Mrs. Eula Mae Magness of Friona spent last week here visiting with her sister and husband, Mr. and Mrs. Travis Beil. One afternoon Mrs. Beil and Mrs. Magness visited with Mr. and Mrs. Lynn Flowers.
Other visitors in the Lynn Flowers home last week included Mrs. Rosa Needham of Fort Worth and her sister Mrs. Ruby Trammell of Aspermont. Rex Flowers of Stamford also visited with them one day.

Mr. Williams, a student at A.C.C. who served as minister at the Old Glory Church of Christ, was a dinner guest in the home of Mr. and Mrs. Cecil Klump last Sunday.
Peggy and Jeff Pumphrey of Fort Worth, who have been here visiting their grandmother, Mrs. Jonnye Pumphrey, returned home last Saturday.
Mr. and Mrs. Eugene Gerloff of Lubbock spent Friday night here visiting his mother, Mrs. Katie Gerloff.
Mr. and Mrs. Morris Garner and Mrs. Willie Fletcher spent last weekend in Abilene with the Garner's son and family, Mr. and Mrs. Loy Zane Garner and children.
Scottie Snider of Lubbock has been here visiting with Mr. and Mrs. A. R. Sawyers and other relatives and friends.
Gayle Cupertson of Artesia, N. Mex., has been here visiting her grandparents, Mr. and Mrs. Otto Dudensing.
Old Glory teachers returned to work Monday morning to spend a week of preparation, in-service training, etc. and when students return next Monday morning they will find the same ones there that they left last May. There were no changes in the Old Glory faculty this year. All other personnel remains the same with the exception of one bus driver. Russell Letz has been employed to drive the north bus, since Herbert Teichelman resigned.

McCaulley Youth, Duane Young, Completes Basic

FT. POLK, LA. — Army Private Duane D. Young, 18, son of Mr. and Mrs. Homer D. Young, McCaulley, recently completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Polk, La.
He received instruction in Drill and Ceremonies, Weapons, map reading, combat
